Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

* The primary reason for the allowance of claims 1-16, 20/1, 21-22, and 25-26 is the inclusion of the limitation of an ink jet printing apparatus comprising a record control means for applying ink to respective pixel areas, each of said pixel areas being constituted only by a primary color or colors or constituted by a secondary color or colors, and for controlling a number of ink drops applied to each pixel area in accordance with multi-level data and a forming means for forming the secondary color while making the order of applications on the inks to at least one of the secondary pixel areas different from the order of another. It is these limitations found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

*The primary reason for the allowance of claim 17 is the inclusion of the limitation of an ink jet printing apparatus comprising a distributing means to distribute print data to either one of print buffers when image signal has a low level, and distributes the print data to both print buffers when the image signal has a high level.

* The primary reason for the allowance of claims 19, 20/19 is the inclusion of the limitation of an ink jet printing apparatus comprising a forming means for forming the process color by making an order of applications of the inks to at least the secondary color pixel areas arranged in a raster one direction different from the order of another. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
